Product ID: TCNEUTRALLEREFILLSSWAK - Neutrale Aerosol Fragrance Refills 243 ml SWAK Insect Repellent

Keeping insects at bay is an important part of the fight against the spread of disease causing germs. Flies are the worst carriers of disease due to their anti-social feeding habits, but other flying and crawling insects also pose a health risk.

The SWAK insect control provides continuous protection 24 hours a day or at pre-programmed intervals.

Five good reasons to buy:

1. Controls the presence of crawling and flying insects
2. Helps to prevent the spread of illness and disease
3. High impact insecticide that targets and kills insects FAST
4. Provides fast acting protection when you need it
5. Safe to use in food hygiene areas.

Innovative dispensing technology delivers low doses of concentrated SWAK insect repellent that stay airborne longer and disperse further.

Our Price: 69.50 GBP + VAT
